EXHIBITION THE CLEAN APPROACH, Being outdoor – Palazzo Marchetti

Can a pair of mountaineering skis or a split board help make us feel like part of everything? And

putting your hands on the rock, can we come to understand our position in the world? The Clean

Approach is a narrative project on the rediscovery of the profound relationship between man and

nature through the practice of sustainable outdoor activities. It is a documentary, it is a photographic exhibition.

It is a journey through the seasons and through untouched territories.
